Libby

I recall we talked about the overarching approach you are recommending taking for these grants as the context and the S Weber as the first grant we are looking at under this approach because of its timing. I think that is the way to start the briefing. (b) (5)

(b) 5 Deliberative Process

I am her until 530 so please give me a call so we can discuss.

Subject: S. Weber RA Briefing Materials

Hi Martin and Sandy,

Per my earlier email I need to get to Betsy any briefing materials to Shaun. It was due today which I didn't realize. I've attached the revise versions. If there are any red flags let me know and I will make the correction(s) prior to the briefing. I'm ccing Betsy as well to keep her in the loop.

Since we've met already we're not on your calendar for another pre-briefing. We did reschedule the RA briefing to July 14. I am out the week after that and the 90 day extension expires the end of July so if you're not available next Thursday or unable to call in not sure when we can push it back to at this point.

Let me know if there are any red flags.

Thanks, Libby
